

# HOW WE KEEP OUR COMMUNITY SAFE

Updated March 8th, 2022

FrogLegs is working hard to make sure we can provide a safe, happy, and fun experience. We are following the State- & CDC guidelines that have been created for In-person classes.

## Current Safety Procedures:

- As of March 12th, 2022, masks and face coverings will be optional.
- We will continue to take everyone's temperature upon arrival.
  - Should anyone have a low-grade fever (temperature over 99.5 F) we kindly ask you to stay home and will transfer you to a future class of your choice.
- Classes & Camps will be at 100% capacity.
- We require everyone to wash their hands with soap and warm water as soon as they enter our facility.
- Frequent handwashing will be in place as always.
- We will continue to wipe down high-use areas around our retail, kitchens, and bathrooms.
- At the end of each class, our kitchens will be thoroughly cleaned and sanitized.
- Common area toys will be sanitized weekly.

We are looking forward to creating a great environment to keep our children engaged and allow for a safe and delicious experience. We will continue to update our procedures and as always, follow WA State Mandates & CDC guidelines.

If you have any questions, please send us an email at [info@froglegskca.com](mailto:info@froglegskca.com).
